## RULE 59.

**A**LL APPLICATIONS for Private Bills, properly the subject of legislation by the Legislative Assembly of British Columbia, within the purview of the "British North America Act, 1867," whether for the erection of a Bridge, the making of a Railway, Tramway, Turnpike Road, or Telegraph or Telephone Line; the construction or improvement of a Harbour, Canal, Lock, Dam, Slide, or other like work: the granting of a right of Ferry; the incorporation of any particular trade or calling, or of any Joint Stock Company; or otherwise for granting to any individual or individuals any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which in its operation would affect the rights or property of other parties, or relate to any particular class of the community, or for making any amendment of a like nature to any former Act,—shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such notice to be published as follows:—

In the BRITISH COLUMBIA GAZETTE, and in one newspaper published in the District affected, or if there be no newspaper published therein, then in a newspaper in the next nearest District in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition, and copies of such notice shall be sent by the parties inserting such notice to the Clerk of the House, to be filed amongst the records of the Committee on Standing Orders.

57. No Petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any Report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no Motion for the suspension or modification of this Rule shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committee charged with consideration of Private Bills, who shall report thereon to the House. And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, together with the notices published. At the time of depositing the Bill, the applicant shall also pay to the Clerk of the House a sum of three hundred dollars. If a copy of the Bill, Petition and

notices shall not have been so deposited in the hands of the Clerk of the House at least eight days before the opening of the Session, and if the Petition has not been presented within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees paid shall be returned.

60. Before any Petition, praying for leave to bring in a Private Bill for the erection of a Toll Bridge, is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Rule 59, also at the same time and in the same manner, give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

61. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills:—Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be re-cast by the promoters and re-printed at their expense before any Committee passes upon the clauses.

65. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring  $10\frac{3}{4}$  inches by  $7\frac{1}{2}$  inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Two hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

By new Rule 65A, passed on the 2nd April, 1901, (see Journals, 1901, page 58), a model form of Railway Bill is adopted.

By 65B all Bills to incorporate or amend Bills incorporating railway companies are to be drawn in accordance with the Model Bill.

The provisions contained in any Bill which are not in accord with the Model Bill shall be inserted between brackets.

Any exceptional provisions that it may be proposed to insert in any such Bill shall be clearly specified in the notice of application for the same.

Under a new rule, see Journals 7th March, 1908, in the case of Bills to Incorporate Companies, in addition to the fee of \$300 mentioned in rule 57, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

HIS Excellency in Council is pleased to order that section 3 of the Coal Mining Regulations, established by the Order in Council of the 9th May, 1907, shall be and the same is hereby rescinded and the following substituted therefor:—

"The tract applied for, if situated in surveyed territory, shall consist of sections or legal subdivisions of sections, but the several parcels comprising the tract must be contiguous, and the whole area applied for shall not exceed four miles in its greatest dimension. F. K. BENNETTS,

ja27 Asst. Clerk of the Privy Council.

[3]

AT THE GOVERNMENT HOUSE AT OTTAWA,

Monday, the 17th day of January, 1910.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS a number of applications have been submitted to the Department of the Interior for permission to remove sand, stone and gravel from the submerged beds of rivers in the Provinces of Manitoba, Saskatchewan and Alberta, and within the Railway Belt in the Province of British Columbia;

And whereas it would appear from advice received from the Department of Justice that in so far as the bed and banks of these rivers are Crown property, they are Dominion lands and belong to the Federal Government, so that the administration of the same would appear to be within the province of the Department of the Interior;

And whereas it would seem to be in the public interest to satisfy the demand at the different centres of population along these streams, for sand and gravel for construction purposes, provided the removal of the sand and gravel does not in any way interfere with the navigation or other utility of the different streams;

Therefore His Excellency is pleased to make, and doth hereby make, the following Regulations for the issue of permits to remove sand, stone and gravel, the property of the Crown, from the submerged beds of rivers and lakes in Manitoba, Saskatchewan, Alberta, the North-West Territories and within the Railway Belt of the Province of British Columbia:—

1. The Agent of Dominion Lands for the District in which the rights applied for are situated may, upon application, grant yearly permits to remove sand, stone and gravel, the property of the Crown, from the submerged beds of rivers and lakes in the Provinces of Manitoba, Saskatchewan, Alberta, the North-West Territories and within the Railway Belt in the Province of British Columbia.

2. All permits shall expire on the 30th day of November in each year.

3. Not more than one permit shall be issued to an applicant in one year.

4. The permit shall grant permission to remove a certain specified number of cubic yards of sand, stone or gravel from a portion of the bed of the river to be described in the permit, but shall not constitute any exclusive right to the portion of the river or the bed of the lake described in the permit, or to the quantity of material specified therein.

5. The right granted under the permit shall apply only to the bars in or the bed of the stream or lake itself, at a distance from the shore line, and shall not authorise the permittee to remove sand, stone or gravel from or otherwise interfere in any way with the banks of the stream or lake, or with any structures erected therein.

6. The permittee shall cause no material damage or unnecessary disturbance to the bed or banks of the stream or lake affected by his permit, nor shall he interfere with the right of the public to use the river or lake for navigation or other purposes, or to interfere with the free navigation of the said river or lake by forming bars or banks in the channel or bed thereof.

7. The removal of the sand, stone or gravel authorised by the permit shall be under the direct supervision of an officer to be named by the Minister of the Interior and to his entire satisfaction.

8. The permit shall be subject to immediate cancellation at any time, without compensation to the permittee, for a breach of any of the above conditions, or in case it should be shown to the satisfaction of the Minister of the Interior that the removal of the sand, stone or gravel covered by the permit is likely to cause damage or obstruction, or to otherwise prejudicially affect the interests of the Crown or others.

9. The permittee shall keep the Crown indemnified against all actions, claims and demands that may be lawfully brought by reason of anything done by the lessee in the exercise or purported exercise of the rights and liberties granted under the permit.

10. A fee of fifty (50c.) cents shall be charged for each permit, together with dues at the rate of one (1c.) cent per cubic yard for the quantity of material in excess of one (1,000) thousand cubic yards included in any one permit.

11. The permit to be issued under these Regulations shall be on such form as may be approved by the Minister of the Interior.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 31st day of January, 1910.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL  
IN COUNCIL.

**W**HEREAS it appears from the representations of companies operating coal-mines acquired under the regulations governing the sale of coal-mining lands, the property of the Crown, established by the Order in Council of 19th May, 1902, and subsequent amending Orders, that the output of the mines includes a considerable amount of material which is not of a merchantable character, and upon which the said companies represent that royalty should not be collected:

Therefore His Excellency is pleased to order and it is hereby ordered that royalty at the rate of ten cents per ton of 2,000 pounds be charged on the merchantable output of the mines only.

His Excellency is further pleased to order, and it is hereby ordered, that in the case of companies operating coal-mines acquired from the Crown under the provisions of the above-mentioned regulations no royalty be charged upon the coal taken from any mine which is used by the operator of such mine for the purpose of generating steam with which to operate the mine and the appliances necessary in connection with such operation. The sworn returns which it is necessary under the regulations for the operator to furnish shall contain a detailed statement showing the total number of tons mined, the number of tons thereof which are of an unmerchantable character and are not sold, and the number of tons used by the operator for the purpose of generating steam with which to operate the mine itself and the appliances in connection therewith.
